The district shares the award with the designer and developer of the website, Innis Maggiore of Canton.

North Canton City Schools won the Web Marketing Association's 2015 Web Award for Standard of Excellence in the school category for its website, exceeding the industry average in the criteria of innovation, content, technology, interactivity, copywriting and ease of use.

The district shares the award with the designer and developer of the website, Innis Maggiore of Canton.

Launched in 2014, the website (northcantonschools.org) centers around the Viking Strong brand, showcasing the district's seven schools, programs and staff, and providing visitors with information about the district.
